5th and 6th Grade Supply List

2018/2019

Parents,

We have had great success the last few years with our P.R.I.D.E. binder system and will use it again this year. PRIDE stands for Practicing Responsibility In Daily Endeavors. For those of you that are new to TA or 5th and 6th grade, we all use the same binders as a way to teach organizational skills. This proves to be a great tool in keeping our students organized and preparing them for the future. There will be a class fee of \$50.00, which will cover the cost of your child's binder, page protectors, pencil pouch, dividers, folders and spiral notebooks that will be used in the binder. It will also cover your child's agenda (for homework assignments/calendar) and a class t-shirt that will be used when going on field trips and various other events throughout the year.

The following list includes the items you should purchase and bring to school on "Meet the Teacher" night. We have tried to make this as minimal as possible since we are asking for the class fee.

Thank you,
Mrs. Missy and Mrs. Lee
